

Jeremy's Blue Bonnet Ride – 2008

The ride will begin at the Benbrook Cracker Barrel restaurant (8010 SW Loop 820, Benbrook, TX 76126 – 817-249-3360). We recommend the riders get there by 0900 with a full tank of fuel (gas station available next door). We'll have the riders sign their waivers and such. **We need to be on the road by 10:00 a.m. sharp.**

We'll jump on 377 and ride thru Granbury.

At Granbury, we'll take 144 South to Glen Rose.

We'll continue South on 144 in Glen Rose to Hwy 56.

We'll ride 56 thru Brazos Point to SR174 (right) through Morgan and into Meridian.

At Meridian we'll stop for fuel at the Shell station on the left as we enter town. We should be there by noon. After fuel, we'll continue through Meridian and take Hwy 22 to the Meridian State Park for lunch. We should be able to be back on the road by 1:30pm.

We'll take Hwy 22 back toward Meridian, then turn west (left) on SR6 through Iredell, Hico, and into Dublin for a brief stop at the Dublin Dr. Pepper soda shop.

After a quick Dr. Pepper, we'll continue west on SR6 to DeLeon by 2:45pm. We will refuel at the Gem Dandy Shell station in DeLeon (3:00-3:20pm). We will turn north on SR16 through Desdemona to I20 in Eastland County.

We will turn east on I20 to FM919 thru Gordon to RM2692. We'll take RM2692 east to Lake Palo Pinto. The roadway is a bit bumpy, but the scenery is quite nice. We'll ride along the southern shoreline of Lake Palo Pinto, past the spillway, to FM4.

We'll run north on FM4 (this is a motorcycle rider's dream road ... scenic and twisty) into Palo Pinto. From Palo Pinto, we'll head east on US180 to Mineral Wells for the final refuel (EZ Mart on left) at approx 5:15pm.

We'll depart Mineral Wells at 5:45pm on US180 through Weatherford to I20, to I30, and on to Cook Children's Medical Center (6:30-6:45pm). A number of children and hospital staff will meet us there. Hospital rules dictate that there be no smoking on the hospital campus or photography of any of the patients at the hospital.
